Hi Kwanjai, Mikayla, Kala, Sierra, Lauren and Amanda,

I was visiting with Elizabeth-Ann today and we thought it would be helpful to send you a couple photography documents to outline services and use to send to your clients.

I have attached a couple of documents for your review. One document is without pricing for your Clients and the other document is for you to reference for pricing on all services. We can provide a custom quote if your Customer requests one. Please let me know if you need anything or have any input.

Thanks you for all your help!
